- Description of future research and career goals

Statement of interest in the program (approx. 500-1000 words for all sections below)
- Description of interest in pursuing the professoriate at a Hispanic-serving, research intensive institution
- Description of interest in the program's professional development components and how they contribute to scholar's goals
- Additional commentary to illustrate how the scholar intends to benefit from and contribute to the cohort

Attachments (required)
1. **Letter of recommendation(s)** – letter(s) should describe candidate qualities and why they are an ideal candidate for the program. (up to two letters may be submitted but only one is required).
2. **Curriculum Vitae (CV)**
3. **Research advisor support letter** – letter or statement from the individual, typically a research advisor or PI, responsible for approving the postdoctoral scholar's time allocation to the program. "Protected time" to participate in the program is a program requirement.
4. *(Optional)* **Mentorship plan** – a mentorship plan should be prepared in support of the postdoctoral fellow's participation in the program. If the plan (or a draft) is available for submittal, applicants are welcome and encouraged to attach.

Note: *The HSRU program application will be released in the Spring of 2024 and applications will be accepted through a web portal. Applicants will be invited to prepare responses that can be pasted into the webform fields. Participating institutions may use this document as reference for their internal selection process. Refer to the program materials for timeline and additional information.*
